.520. |aRelates the stories of two innocent men who were wrongly
accused and

convicted of crimes due largely to the legally condoned failures perpetrated by invalid forensic science and institutional racism. --Publisher.
.520. |a"A shocking and deeply reported account of the persistent plague of institutional racism and junk forensic science in our criminal justice system, and its devastating effect on innocent lives. After two three-year-old girls were raped and murdered in rural Mississippi, law enforcement pursued and convicted two innocent men: Kennedy Brewer and Levon Brooks. Together they spent a combined thirty years in prison before finally being exonerated in 2008. Meanwhile, the real killer remained free. [This book] recounts the story of how the criminal justice system allowed this to happen, and of how two men, Dr. Steven Hayne and Dr. Michael West, built successful careers on the back of that structure. For nearly two decades, Hayne, a medical examiner, performed the vast majority of Mississippi's autopsies, while his friend Dr. West, a local dentist, pitched himself as a forensic jack-of-all-trades. Together they became the go-to experts for prosecutors and helped put countless Mississippians in prison. But then some of those convictions began to fall apart. Here, Radley Balko and Tucker Carrington tell the haunting story of how the courts and Mississippi's death investigation system--a relic of the Jim Crow era--faile d to deliver justice for its citizens. The authors argue that bad forensics, structural racism, and institutional failures are at fault, raising sobering questions about our ability and willingness to address these crucial issues."--Dust jacket.

.505. 0 |aIntroduction: To hope rather than to fear -- The confidence of the whole people : visions of the Presidency, the ideas of progress and prosperity, and "We, the people" -- The long shadow of Appomattox : the Lost Cause, the Ku Klux Klan, and Reconstruction -- With soul of flame and temper of steel : "the melting pot, " TR and his "bully pulpit, " and the Progressive promise -- A new and good thing in the world : the triumph of women's suffrage, the Red Scare, and a new Klan -- The crisis of the old order : the Great Depression, Huey Long, the New Deal, and America First -- Have you no sense of decency? : "making everyone middle class, " the GI Bill, McCarthyism, and modern media -- What the hell is the presidency for? : "segregation forever, " King's crusade, and LBJ in the crucible -- Conclusion: The first duty of an American citizen.

.520. |a"We have been here before. In this timely and revealing book, ... author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. With clarity and purpose, Meacham explores contentious periods and how presidents and citizens came together to defeat the forces of anger, intolerance, and extremism."--Dust jacket.

.520. |a"Our current climate of partisan fury is not new, and in The Soul of America Meacham shows us how what Abraham Lincoln called 'the better angels of our nature' have repeatedly won the day. Painting surprising portraits of

Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life has been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear--a struggle that continues even now. While the American story has not always--or even often--been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"--as, time and again, Lincoln's better angels have found a way to prevail."--Dust jacket.

.511. 0 |aRead by Bahni Turpin, with a note read by the author.
.520. |a"The #1 New York Times bestselling author of Small Great Things
returns with a powerful and provocative new novel about ordinary lives
that
intersect during a heart-stopping crisis. The warm fall day starts like
any
other at the Center a women's reproductive health services clinic its
staff
offering care to anyone who passes through its doors. Then, in late
morning, a
desperate and distraught gunman bursts in and opens fire, taking all
inside
hostage. After rushing to the scene, Hugh McElroy, a police hostage
negotiator,
sets up a perimeter and begins making a plan to communicate with the
gunman. As
his phone vibrates with incoming text messages he glances at it and, to
his
horror, finds out that his fifteen-year-old daughter, Wren, is inside the

clinic. But Wren is not alone. She will share the next and tensest few hours of her young life with a cast of unforgettable characters: A nurse who calms her own panic in order save the life of a wounded woman. A doctor who does his work not in spite of his faith but because of it, and who will find that faith tested as never before. Apro-life protester disguised as a patient, who now stands in the cross hairs of the same rage she herself has felt. A young woman who has come to terminate her pregnancy. And the disturbed individual himself, vowing to be heard. Told in a daring and enthralling narrative structure that counts backward through the hours of the standoff, this is a story that traces its way back to what brought each of these very different individuals to the same place on this fateful day. Jodi Picoult one of the most fearless writers of our time tackles a complicated issue in this gripping and nuanced novel. How do we balance the rights of pregnant women with the rights of the unborn they carry? What does it mean to be a good parent? A Spark of Light will inspire debate, conversation. and, hopefully, understanding"--|cProvided by publisher.

Game over -- Flat-foot hustling -- Highways, not runways -- Harlem River
blues.
.520. |a"With his eponymous store on 125th Street in Harlem, Dapper Dan
pioneered high-end streetwear in the early 1980s, remixing classic
luxury-brand
logos into his own flamboyant designs. But before reinventing fashion, he
was a
hungry boy with holes in his shoes, a teen who daringly gambled drug
dealers
out of their money, a young man in a prison cell who found nourishment in
books, and, finally, a designer who broke barriers to outfit a whos-who
of
music, sport, and crime world celebrities in looks that went on to define
an
era. By turns playful, poignant, and inspiring, Dapper Dan's memoir is a

high-stakes coming-of-age story spanning more than 70 years and set against the backdrop of an ever-evolving America"--|cProvided by publisher.

.520. |aAn international bestseller, translated into eighteen languages, Paul de Kruif's classic account of the first scientists to see and learn about the microscopic world continues to fascinate new readers. This is a timeless dramatization of the scientists, bacteriologists, doctors, and medical technicians who discovered the microbes and invented the vaccines to counter them. De

Kruif writes about how seemingly simple but really fundamental discovers of science—for instance, how a microbe was first viewed in a clear drop of rain water, and when, for the first time, Louis Pasteur discovered that a simple vaccine could save a man from the ravages of rabies by attacking the microbes that cause it.

.520. |aA proven couples counseling method applied to sex for the very
first
time.Communication problems can erode a relationship in and out of the
bedroom.
This guide takes a proven communication method, which has been used to
counsel
millions of couples, and applies it to sex for the very first time. The
Imago
Relationship Therapy, which was pioneered by Harville Hendrix in the
national
bestseller and self-help classic Getting the Love You Want, shows readers
how
to understand and build trust with their partners through a unique form
of
dialogue. Getting the Sex You Want teaches readers how to build sexual
communication skills quickly and connect with their partner in a new way.
Readers learn exercises that enable them to communicate their sexual
needs and
desires, get past old issues, and revive passion in their relationship.

Seeking justice in the land of law and order -- Of movies, myths, and
monuments
-- About the Benjamins -- How change happens.
.520. |a"The host of CNN Tonight with Don Lemon is more popular than
ever. As
America's only Black prime-time anchor, Lemon and his daily monologues on
racism and antiracism, on the failures of the Trump administration and of
so
many of our leaders, and on America's systemic flaws speak for his
millions of
fans. Now, in an urgent, deeply personal, riveting plea, he shows us all
how
deep our problems lie, and what we can do to begin to fix them"--

.300. |a319 p. ;|c25 cm.
.504. |aIncludes bibliographical references.
.505. 0 |aLot 337 -- Incognito -- Tomb raider -- Monsieur Yquem -- Provenance
-- "We did what you told us" -- Imaginary value -- The sweetness of death
--
Salad dressing -- A pleasant stain, but not a great one -- The diviner of wines
-- A built-in preference for the obvious -- Radioactive -- Letters from Hubs
i
-- "Awash in fakes" -- The last vertical -- Koch bottles -- Ghost particles --
Tailing Meinhard -- The finish.
.520. |aIt was the most expensive bottle of wine ever sold. In 1985, a 1787 bottle of Cha[^]teau Lafite Bordeaux--one of a cache unearthed in a bricked-up Paris cellar and supposedly owned by Thomas Jefferson--sold at auction for \$156,000. The discoverer of the bottle was pop-band manager turned wine collector Hardy Rodenstock, who had a knack for finding extremely old and exquisite wines. But rumors soon arose. Why wouldn't Rodenstock reveal the

exact location where it had been found? Was it part of a smuggled Nazi hoard? Or did his reticence conceal an even darker secret? Author Wallace also offers a history of wine, complete with vivid accounts of subterranean European laboratories where old vintages are dated and of Jefferson's colorful, wine-soaked days in France. This tale of what could be the most elaborate con since the Hitler diaries is also the debut of a new voice in narrative non-fiction.--From publisher description.

.520. |aNew York cop turned lawyer Stone Barrington travels to Key
West,
Florida, to track down Evan Keating, a young man whose signature is
needed on
documents allowing his father to sell the family business. Meanwhile, a
beautiful Swedish doctor, Annika Swenson, learns the hard way that being
involved with Stone is the most dangerous job in America.

.100. 1 |aHandler, Chelsea.
.245. 10|aAre you there vodka? It's me, Chelsea /|cChelsea Handler.
.250. |a1st ed.
.260. |aNew York :|bSimon Spotlight Entertainment,|cc2008.
.300. |a264 p. ;|c22 cm.

.505. 0 |aBlacklisted -- Chelsea in charge -- Prison break -- Bladder stones --
Big red -- Dining in the dark -- Dim sum and then some -- Barking up the wrong
tree -- Re-gift -- Jumped -- Mini-me -- Costa Rica.
.520. |aWhen Chelsea Handler needs to get a few things off her chest, she
appeals to a higher power--vodka. Welcome to Chelsea's world--a place where
absurdity reigns supreme and a quick wit is the best line of defense. In this
collection, Chelsea mines her past for stories about her family, relationships,
and career that are at once singular and ridiculous. Whether she's convincing
her third-grade class that she has been tapped to play Goldie Hawn's daughter
in the sequel to Private Benjamin, deciding to be more egalitarian by dating a
redhead, or looking out for a foulmouthed, rum-swilling little person who looks
just like her, only smaller, Chelsea has a knack for getting herself into the
most outrageous situations. --From publisher description.

.511. 0 |aNarrated by Barbara McCulloh.
.520. |aPeterson's enthralling tale spotlights Lacy Gallatin, a tomboy who
feels out of place with her married sisters. Riding off in snow-covered
darkness to seek the counsel of the only mother figure she's ever known,
Lacy
finds herself snowbound with a man who often exasperates her. And yet
strange
stirrings in her heart now confuse her.

 .504. |aIncludes bibliographical references (pages 401-429) and index.
 .505. 0 |aPrologue -- Part 1: Umberto Eco's antilibrary, or how we seek
 validation. The apprenticeship of an empirical skeptic ; Yevgenia's black
 swan
 ; The speculator and the prostitute ; One thousand and one days, or how
 not to
 be a sucker ; Confirmation shmonfirmation! ; The narrative fallacy ;
 Living in
 the antechamber of hope ; Giacomo Casanova's unflinching luck : the problem
 of
 silent evidence ; The Ludic fallacy, or the uncertainty of the nerd --
 Part 2:
 We just can't predict. The scandal of prediction ; How to look for bird
 poop ;
 Epistemocracy, a dream ; Appelles the Painter, or what do you do if you
 cannot
 predict? -- Part 3: Those gray swans of Extremistan. From Mediocristan to
 Extremistan and back ; The bell curve, that great intellectual fraud ;
 The
 aesthetics of randomness ; Locke's madmen, or bell curves in the wrong
 places ;
 The uncertainty of the phony -- Part 4: The end. Half and half, or how to
 get
 even with the black swan -- Epilogue: Yevgenia's white swans -- Glossary
 --
 Postscript essay: On robustness an fragility, deeper philosophical and
 empirical

reflections. I. Learning from mother nature, the oldest and the wisest ;
 II.
 Why I do all this walking, or how systems become fragile ; III.
 Margaritas ante
 porcos ; IV. Asperger and the ontological black swan ; V. (Perhaps) the
 most
 useful problem in the history of modern philosophy ; VI. The fourth
 quadrant,
 the solution to that most useful of problems ; VII. What to do with the
 fourth
 quadrant ; VIII. Ten principles for a black-swan-robust society ; IX:
 Amor fati
 : how to become indestructible.
 .520. |aExamines the role of the unexpected, discussing why improbable
 events
 are not anticipated or understood properly, and how humans rationalize
 the
 black swan phenomenon to make it appear less random.

.520. |aAmerica had a radically different relationship with drugs a
century
ago. Drug prohibitions were few, and while alcohol was considered a
menace, the
public regularly consumed substances that are widely demonized today.
Heroin
was marketed by Bayer Pharmaceuticals, and marijuana was available as a
tincture of cannabis sold by Parke Davis and Company.Exploring how this
rather
benign relationship with psychoactive drugs was transformed into one of
confusion and chaos, The Cult of Pharmacology tells the dramatic story of
how,
as one legal drug after another fell from grace, new pharmaceutical
substances
took their place. Whether Valium or OxyContin at the pharmacy, cocaine or
meth
purchased on the street, or alcohol and tobacco from the corner store,
drugs
and drug use proliferated in twentieth-century America despite an
escalating
war on "drugs." Richard DeGrandpre, a past fellow of the National
Institute
on Drug Abuse and author of the best-selling book Ritalin Nation,
delivers a

remarkably original interpretation of drugs by examining the seductive but ill-fated belief that they are chemically predestined to be either good or evil. He argues that the determination to treat the medically sanctioned use of drugs such as Miltown or Seconal separately from the illicit use of substances like heroin or ecstasy has blinded America to how drugs are transformed by the manner in which a culture deals with them. Bringing forth a wealth of scientific research showing the powerful influence of social and psychological factors on how the brain is affected by drugs, DeGrandpre demonstrates that psychoactive substances are not angels or demons irrespective of why, how, or by whom they are used. The Cult of Pharmacology is a bold and necessary new account of America's complex relationship with drugs.

.520. |aForensic anthropologist Tempe Brennan is faced with one of her most difficult assignments yet when she's asked to assist in a case involving the mysterious deaths of three dead babies. Making matter even more difficult for her is that she's forced to team up with her one-time boyfriend Detective Ryan on the case. As the investigation takes them from the heart of Montreal to the mining town of Yellowknife, the two discover a truth about the deaths more shocking than they could have imagined.

.520. |aWhen Barry Fairweather dies unexpectedly in his early forties,
the
little town of Pagford is left in shock. Pagford is, seemingly, an
English
idyll, with a cobbled market square and an ancient abbey, but what lies
behind
the pretty facade is a town at war. Rich at war with poor, teenagers at
war
with their parents, wives at war with their husbands, teachers at war
with
their pupils-Pagford is not what it first seems. And the empty seat left
by
Barry on the town's council soon becomes the catalyst for the biggest war
the
town has yet seen. Who will triumph in an election fraught with passion,
duplicitly and unexpected revelations?

.520. |aSonnet Romano's life is almost perfect. She has the ideal career, the ideal boyfriend, and has just been offered a prestigious fellowship. There's nothing more a woman wants, except maybe a baby brother? When Sonnet finds out her mother is unexpectedly expecting, and that the pregnancy is high-risk, she puts everything on hold, the job, the fellowship, the boyfriend and heads home to Avalon. Once her mom is out of danger, Sonnet intends to pick up her life where she left off. But when her mother receives a devastating diagnosis, Sonnet must decide what really matters in life, even if that means staying in Avalon and taking a job that forces her to work alongside her biggest, and maybe her sweetest, mistake, award-winning filmmaker Zach Alger. So Sonnet embarks on a summer of laughter and tears, of old dreams and new possibilities,

and of finding the home of her heart. At once heartbreaking and uplifting,
Return to Willow Lake plumbs the deepest corners of the human heart, exploring the bonds of family, the perils and rewards of love, and the true meaning of home.

.520. |a"On June 9, 2008, the butchered body of Travis Alexander was found in his Mesa, Arizona home. The grisly nature of his death made instant headlines: with twenty-nine knife wounds, his throat slit, and a gunshot to the head, Travis was left to die. The prime suspect in the case was Alexander's ex-girlfriend, the attractive and soft-spoken Jodi Arias. Though Arias initially said that she was nowhere near the scene of the crime, little about this case was as it seemed, and before long she had been caught lying to police. As the investigation progressed, her lies evolved multiple times before finally resting on an appalling claim: she had killed Travis in self-defense. Along the way, startling details emerged about the Mormon couple's relationship, and soon graphic stories of their lurid sexual encounters and jealousy-driven blowouts revealed a dark side to their life together. These revelations launched a trial filled with sex and deception but also raised substantial questions about Arias's deceit, as people from across the country struggled to understand the bizarre world of Jodi Arias. Now, award-winning broadcast journalist and bestselling author Jane Velez-Mitchell, a veteran of some of the most storied court cases in recent memory, goes behind the scenes of the trial and into the mind of a killer. Using insider accounts from friends who knew Travis and Jodi, Velez-Mitchell turns her sharply-focused lens on Arias and offers her seasoned perspective on the case's most pressing questions. Separating fact from fiction, she reports on the bizarre and explicit stories that have both shocked and fascinated the American public--from Jodi's romantic history before meeting Travis, to their torrid sex life together, to the complicated role their Mormon faith played in the relationship's demise. With unbridled access to the evidence and the case's key players, Velez-Mitchell unearths Jodi's contentious life with those closest to her, examining the paranoid and erratic behavior behind each relationship and illustrating the disturbing pattern of a murderer in the making."-- Dust jacket flap.

.520. |a"When a Crow Indian acquaintance of Tomlinson's asks him to help recover a relic stolen from his tribe, Doc Ford is happy to tag along-but neither Doc nor Tomlinson realize what they've let themselves in for. Their search takes them to the part of Central Florida known as Bone Valley, famous primarily for two things: a ruthless subculture of black-marketers who trade in illegal artifacts and fossils, and a multibillion-dollar phosphate industry whose strip mines compromise the very ground they walk on. Neither enterprise tolerates nosy outsiders. For each, public exposure equals big financial losses-and in a region built on a million-year accumulation of bones, there is no shortage of spots in which to hide a corpse. Or two"--|cProvided by publisher

.511. 0 |aNarrated by Lisette Lecat.
.520. |aMma Ramotswe is asked to help the proprietor of the Minor
Adjustment
Beauty Salon, who is having trouble with her business. The salon has
suffered
some unfortunate events, including face cream that burns the skin. Could
someone be trying to put the salon out of business? Meanwhile, on the
home
front, Mma Makutsi is going to have a baby. But in Botswana--a land where
family has always been held above all else but which is on the crossroads
between old and new--this may be cause for as much controversy as
celebration.

.511. 0 |aNarrated by Lisette Lecat.
.520. |aMma Ramotswe has her hands full both at home and in the office.
To
add to her current challenges, her devoted partner, Grace Makutsi, has
decided
to branch out on her own and open The Handsome Man's De Luxe Cafe. But
even
"Miss 97 Per Cent" can't quite meet all the demands of running a
business--not
to mention those that a lightning strike makes on her building.
Eventually,
she'll have to accept all the help she can get--even if it comes from a
completely unexpected source.

.520. |aThe United States has anticipated and averted countless attacks
from
terrorist groups--thanks in large part to the extralegal counterterrorist
unit
known as the Taskforce. But now, a much more insidious evil is about to
shatter
the false sense of safety surrounding civilized nations. While world
powers
combat ISIS on the battlefield, a different threat is set in motion by
the
group--one that can't be defeated by an airstrike. Off the radar of every
Western intelligence organization, able to penetrate America or any
European
state, they intend to commit an act of unimaginable barbarity. Only Pike
Logan
and the Taskforce stand in the way of an attack no one anticipates, a
grand
deception that will wreak unthinkable chaos and reverberate throughout
the
Western world.

.245. 10|aAmerican theocracy :|bthe peril and politics of radical religion,
oil, and borrowed money in the 21st century /|cKevin Phillips.
.260. |aNew York :|bViking,|c2006.
.300. |axvi, 462 p. :|bill. ;|c24 cm.
.504. |aIncludes bibliographical references (p. 397-430) and index.
.505. 0 |aFuel and national power -- The politics of American oil dependence --
Trumpets of democracy, drums of gasoline -- Radicalized religion : as
American
as apple pie -- Defeat and resurrection : the southernization of America
-- The
United States in a Dixie cup : the new religious and political
battlegrounds --
Church, state, and national decline -- Soaring debt, uncertain politics,
and
the financialization of the United States -- Debt : history's unlearned
lesson
-- Serial bubbles and foreign debt holders : American embarrassment and
Asian
opportunity -- The erring Republican majority -- Afterword : the changing
Republican presidential coalition.
.520. |aFormer Republican strategist Phillips takes an uncompromising
view of
the political coalition, led by radical religion, that is driving America
to
the brink of disaster. From Ancient Rome to the British Empire, Phillips

demonstrates that every world-dominating power has been brought down by a related set of causes: a lethal combination of global over-reach, militant religion, resource problems, and ballooning debt. It is this same axis of ills that has come to define America's political and economic identity in the past decade. Military miscalculations in the Middle East, the surge of fundamentalist religion, the staggering national debt, the costs of U.S. oil dependence--together these factors are undermining our nation's security, solvency, and standing in the world. If left unchecked, the same forces will bring a debt-bloated, preachy, energy-starved America to its knees.--From publisher description.

.520. |aCharles Marlow is a Seattle English teacher who instructs his
students to expand their worlds through language. Lately, however, with
one
child off to college and the pressure from his ex-wife to make plans for
their
severely autistic son, who's about to age out of the system, he prefers
the
company of the ghosts he turns up in the storage boxes in his crawl
space.
There he finds the totems that betray the darker moments of his youth--
memories
that were buried for decades when he met the ambitious and sparkling
Alison
LeFevre. But the complications of parenthood proved fatal to their
marriage,
and Charles has been stagnant ever since.

.511. 0 |aNarrated by Susan Lyons.
.520. |aThe summer after university, Emma Woodhouse returns home to the
village of Highbury, where she will live with her health-conscious father
until
she is ready to launch her interior-design business and strike out on her
own.

In the meantime, she will do what she does best: offer guidance to those less wise in the ways of the world than herself. Happily, this summer brings many new faces to Highbury and into the sphere of Emma's not always perfectly felicitous council: Harriet Smith, a naive teacher's assistant at the ESL school run by the hippie-ish Mrs. Goddard; Frank Churchill, the attractive stepson of Emma's former governess; and, of course, the perfect Jane Fairfax. This Emma is wise, witty, and totally enchanting, and will appeal equally to Sandy's multitude of fans and the enormous community of wildly enthusiastic Austen aficionados.

 -- Techiquette -- Pretentious or Not? -- Eating Around the World.

.520. |a"An authoritative and witty guide to modern table manners for
 all
 occasions by one of the world's most acclaimed chefs and restaurateurs
 Table
 Manners is an entertaining and practical guide to manners for everyone
 and
 every occasion. Whether you are a guest at a potluck or the host of a
 dinner
 party, a patron of your local bar or an invitee at a state dinner, this
 book
 tells you exactly how to behave: what to talk about, what to wear, how to
 eat.
 Jeremiah Tower has advice on everything: food allergies, RSVPs, iPhones,
 running late, thank-yous, restaurant etiquette, even what to do when you
 are
 served something disgusting. With whimsical line drawings throughout,
 this is
 "Strunk and White" for the table"--|cProvided by publisher.

.504. |aIncludes bibliographical references (pages 275-296) and index.
.505. 0 |aIntroduction. The first couple: why Adam and Eve still matter -
-
First comes love: how Adam and Eve invented love -- Meet cute: who was
present
at the creation? -- The Devil made me do it: what we do for love -- Chore
wars:
who needs love? -- That look in their eyes: how sex became evil, then
unbecame
it -- The other woman : the dark side of love -- Family affair: are we
our
children's keepers? -- The love you make: bless the broken road --
Conclusion.
Afterlife: what Adam and Eve can teach us about relationships.
.520. |aThe PBS host and best-selling author of Walking the Bible and
Abraham
presents a revelatory account of Adam and Eve's symbolism as central
figures in
Western imagination and their role in shaping humanity's deepest feelings
about
relationships, family and togetherness. --Publisher

.520. |a"Meet Jack and Max Stalwart, Code Names: Courage and Wisdom.
Jack and
Max are ordinary kids who become secret agents by night, thwarting evil
and
saving priceless treasures as they solve mysteries around the world.
Destination
: Thailand. Temporarily retired from the GPF-Global Protection Force-and
on
family vacation, Jack Stalwart and his older brother, Max, are motivated
to act
when a band of thieves takes the Emerald Buddha from the Grand Palace in
Bangkok. Without the help of the GPF, they're on their own. They're also
up
against one of the smartest and wealthiest villains they've ever faced.
Can
Jack and Max find Thailand's most precious statue before it's too late?"--
